Sir,

In reply to your Docket No. 8404/165 dated 3d November last requesting further report promised in this Office Docket No. 792/743 dated 13th March 1891 in re-cultivation of lands below Saliv Anikat I have the honour to state that some of the irrigable lands below the Anikat measuring 71 acres and 7 guntas were sold by the Amildar by public auction and realized Rs. 1963-..-.. on account of the malki.

27-10 per acre.

2. These were given

out for cultivation at the neighbouring rates of assessment, subject to the final rates to be fixed by the Survey Department hereafter.

3. The remaining lands could not be given out similarly as the sub channels or water courses to irrigate them have not yet been made by the P. W. Department.

4. The Executive Engineer has already been requested to do the needful and as soon as the work is completed the land in question will be summarily? disposed of.

Perhaps a mistake for "similarly".
